Dear Residents of Izmit,

We are a municipality that has been implementing gender equality as a core principle in our plans, programs, and services since 2019. However, for our efforts to be both institutionalized and sustainable, certain European standards need to be applied. At this exact point, Izmit Municipality aims to achieve gender equality at European standards through the LEAP. The plan supports the women of Izmit in benefiting equally from local services and taking an active role in the city's administration. Having signed the European Charter for Equality of Women and Men in Local Life established by CEMR, Izmit Municipality aims to integrate these standards into all its services.

Once the action plan, which promotes gender equality at the local level and aims to enhance women's quality of life, is put into practice, gender equality in Izmit will be achieved in accordance with European standards. In line with the action plan, Izmit Municipality will identify concrete solutions that support women in benefiting equally from local services, strengthening their representation, and taking an equal and active role in urban management, and will integrate these solutions into its corporate policies.

This plan will not only set the goals of our municipality but also represents an effort to put forth a common will to ensure that all segments of society can lead an equal and dignified life. We will take concrete steps to achieve gender equality, combat discrimination, and strengthen social solidarity.

The LEAP will be our equality roadmap and guiding reference. We will develop activities and methods to facilitate the daily lives of women and all discriminated groups, and to increase their participation in decision-making mechanisms.

Our goal is to make Izmit a more egalitarian and livable city for everyone. It is because Izmit represents Türkiye. The LEAP is a crucial step towards a more equal, fair, and inclusive Izmit.

We will build an equal and inclusive Izmit together.

Fatma Kaplan Hürriyet

Lawyer and Mayor of Izmit

Introduction

Izmit Municipality, which has carried out numerous pioneering initiatives to empower women, especially those in vulnerable groups, in social and economic life, took a significant step by implementing the European Charter for Equality of Women and Men in Local Life prepared by CEMR.

The Charter in question was brought to the agenda of the municipal council on November 2, 2021, and was unanimously approved. Authorized by the municipal council on November 18, 2021, Fatma Kaplan Hürriyet, Lawyer and Mayor of Izmit, signed the European Charter for Equality of Women and Men in Local Life. Consequently, as a requirement of signing this Charter, the municipality agreed to prepare, implement, monitor, and evaluate the local equality action plan with a “participatory” and “inclusive” approach.

Fundamentally, the LEAP establishes the basic framework for equality policies at the local level. At the same time, it serves as an effective tool for the localization and institutionalization of gender equality, inclusivity, and sustainable development. In this context, with the aim of leaving no one behind, it seeks to place the gender equality approach firmly on the municipal agenda.

Through the LEAP, Izmit Municipality aims to put the principles of the European Charter for Equality of Women and Men in Local Life into practice and ensure that gender equality is reflected across all municipal services.

Gender Equality in Izmit

Izmit Municipality, which has implemented exemplary practices in the field of gender equality through egalitarian services as well as empowering women in social and economic life, has aimed to increase women's representation among municipal staff since 2019. As shown in Table 1, the ratio of female personnel has increased from 15% to 21% over the years.

Table 1. Gender Distribution of Personnel Working at Izmit Municipality Between 2019-2024

Year	Number of Female Personnel	Percentage of Female Personnel	Number of Male Personnel	Percentage of Male Personnel	Total
2019	213	15%	1231	85%	1444
2020	269	17%	1285	83%	1554
2021	308	18%	1373	82%	1681
2022	338	19%	1394	81%	1732
2023	361	21%	1358	79%	1719
2024	389	21%	1486	79%	1875

Starting with Fatma Kaplan Hürriyet, Lawyer and Mayor of İzmit, 4 out of 6 deputy mayors, 19 out of 37 council members, and 12 out of 102 mukhtars are women. At İzmit Municipality, 10 out of 32 directorates are managed by women. The Gender Equality Commission was established by the decision of the municipal council on May 10, 2022.

As seen in Table 2, the percentage of female council members in Izmit Municipality increased to 19% in 2024, ranking above the average for Türkiye (15%).

Table 2. Gender Distribution of Izmit Municipal Council Members

Year	Number of Female Council Members	Percentage of Female Council Members	Number of Male Council Members	Percentage of Male Council Members
2019	4	11%	33	89%
2024	7	19%	30	81%

While the number of female mukhtars in Izmit was 6 in 2019, it doubled to 12 in 2024. Indeed, although the figures are far from equal representation, this is a promising development for our future.

Table 3. Number of Female and Male Mukhtars Serving Within the Borders of Izmit District between 2019 and 2024

Year	Number of Female Mukhtars	Percentage of Female Mukhtars	Number of Male Mukhtars	Percentage of Male Mukhtars
2019	6	6%	96	92%
2024	12	12%	90	88%

Equality and Inclusivity in the Izmit Municipality 2025-2029 Strategic Plan

The strategic plan of Izmit Municipality covering the 2025-2029 period incorporates the perspectives of gender equality and a rights-based approach. Accordingly, the LEAP has been prepared with a holistic approach and in harmony with the strategic plan, which serves as a high-level policy document. The mission, vision, and core values included in the strategic plan are stated below:

Mission: To create a competitive model city with a high quality of life, which is prepared for disasters, supports the city's potential, and features fair, transparent, and participatory administrations that make a positive contribution to social life.

Vision: To be a local government model where social justice and equality are ensured, preparedness for disasters is achieved, and urban aesthetics and harmony with nature are integrated into every moment of life.

Core Values:

1. Atatürk's principles and the achievements of the Republic
2. Productivity and avoiding waste
3. Justice, equality, competence, and merit
4. Accountability and transparency
5. Friendliness and sincerity

6. *Continuous development*
7. *Respect for the environment and all living beings*
8. *Solution-oriented approach*
9. *Sustainability*
10. *Participation*

The 4th of the 6 goals expressed in the strategic plan targets the implementation of the principles of social justice, inclusivity, and gender equality, which serve as references for the LEAP. Targets 4.1, 4.2, 4.3, 4.5, and 4.6 defined under this goal are directly related to the thematic areas expressed in the LEAP.

Goal 4. Ensuring Social Development and Innovation	
Target 4.1	To contribute to social development through health, education, and social initiatives aimed at women, families, children, and youth.
Target 4.2	To contribute to eliminating income distribution inequality through inclusive social service practices.
Target 4.3	To support an active lifestyle by bringing all segments of society together with sports areas and activities, and to host national and international sports organizations.
Target 4.5	To raise awareness aimed at eliminating gender inequality.
Target 4.6	To contribute to improving the quality of life for people with disabilities, the elderly, and all disadvantaged groups.

Preparation Process of the Local Equality Action Plan

Izmit Municipality prepared the “2025-2027 Local Equality Action Plan” by conducting a widely participatory consultation process during the preparation period of June-November 2024. A comprehensive field study was carried out within the scope of the LEAP, which will set forth the 3-year goals prepared by Izmit Municipality with an egalitarian and inclusive perspective.

This process, initiated with the goal of ensuring social equality and social justice, proceeded as stated below:

- **Establishment of the LEAP Core Team (Coordination Team):** A team consisting of the deputy mayor, council members, mukhtars, the Directorate of Women and Family Services, the Directorate of Social Services, the Directorate of Strategy Development, and field experts (professionals such as sociologists, psychologists, and social workers) was established.
- **Organizing LEAP Basic Level Awareness Trainings:** An information meeting was held for the municipal senior management, and awareness training on GE was organized for the LEAP field team.

Photograph 1. Senior Management Information Meeting

- **Classification of Neighborhood-Based Data:** Socio-economic data was requested from TurkStat. At the same time, complaints, suggestions, and requests reaching the municipality were classified on a neighborhood basis.
- **Conducting Field Studies:** Within the scope of the study carried out to ensure gender equality and strengthen the status of women, the Directorate of Women and Family Services, the Directorate of Social Support Services, and the Çınar Team coordinated the field studies.
- **Organizing Workshops:** Two widely attended workshops were organized to receive the opinions and suggestions of mukhtars on August 20 and external stakeholders (NGOs, public institutions and organizations, bar associations, professional chambers, trade unions) on October 10.

Photograph 2. Mukhtars Workshop

Photograph 3. External Stakeholder Workshop

- **Focus Group Meeting:** Focus group interviews were held on October 11 with the participation of municipal personnel, NGOs, and public institutions and organizations on the issues of education, health, employment, violence, participation in decision-making mechanisms, and access to urban services.

Photograph 4. Focus Group Interview

- **Survey Administration:** Our teams, who directed face-to-face questions to women, collected information on issues such as women's participation in business life, benefiting from social assistance, whether they encountered violence, and from which institutions they could receive help in such situations.

Photograph 5. Implementation of the Survey in Pilot Neighborhoods

- **Sharing the LEAP with the Public:** The LEAP was announced on December 5, 2024, the 90th anniversary of women gaining the right to vote and be elected as members of parliament in Türkiye.
- **Establishment of the Monitoring Committee:** It is aimed to conduct monitoring studies in 6-month periods with the coordination team and to prepare annual “Equality Monitoring Reports”.

Thematic Areas of the Local Equality Action Plan

The LEAP of Izmit Municipality covering the 2025-2027 period has been prepared in the 7 thematic areas stated below.

1. EDUCATION AND GENDER EQUALITY AWARENESS
2. ACCESS TO HEALTHCARE SERVICES
3. EMPLOYMENT AND ECONOMIC EMPOWERMENT
4. COMBATING GENDER-BASED VIOLENCE
5. PARTICIPATION IN DECISION-MAKING MECHANISMS
6. ACCESS TO URBAN SERVICES
7. STRENGTHENING INSTITUTIONAL CAPACITY

THEMATIC AREA 1: EDUCATION and GENDER EQUALITY AWARENESS

General Target	Sub-Target	Activity	Responsible Unit	Institutions to Collaborate With	Performance Indicators	2025	2026	2027
1. To raise awareness about gender equality in Izmit	1.1. To increase awareness on ensuring gender equality in Izmit and empowering all women and girls in all areas of life	To organize events such as seminars, panels, conferences, etc., on days like March 8, November 25, December 5, and similar occasions	Directorate of Women and Family Services, Directorate of Press and Publications	Relevant NGOs, Bar Association, Universities	Number of organized events, number of female and male participants in the events, number of certificates of participation	x	x	x
